Almost all the Horses not only in and about London, but even in most parts of Great Britain, being sic'd with a Malignant Disease, properly to be fill'd a Heart-Cold; many dying suddenly, first taken with a violent Cough, loathing of Meat, glandular evacuations, voiding of Worms, as appear'd lately in some as big as Tobacco-Pipes which came from Horses &c. contracted by the Malignity of the Air. Notice is hereby given of a Remedy, being of a noble Composition, but principally containing the Quintessence of the true and genuine Venice Treacle of Andromachus, besides its other constituent parts. It warms, comforts, strengthens, animates and revives all the Vital Faculties, carrying off the Dis temper, and preventing the dismal Consequences, which of necessity will follow, if Death be escap'd, as broken Wind, &c. Some Years since this Remedy was us'd with wondrous success in the like occasions, and consequently is grounded on good Experience. To be had at the Bricklayers Arms in Kings-street Bloomsbury, price 5 s. with printed directions.
